

TUITION AND FEES

CHECK WITH THE COLLEGE'S SCHOOL CERTIFYING OFFICIAL TO DETERMINE IF THE LOCATION/PROGRAM YOU ARE INTERESTED IN IS CURRENTLY APPROVED FOR VETERANS' BENEFITS.

UPDATED: 01/08/2024

Students are billed each quarter based on the number of credit hours in which they are enrolled for the quarter and the cost per credit hour for their program. Full time students must take a minimum of twelve (12) quarter credit hours or a maximum of nineteen (19) quarter credit hours per term. Although Charter College encourages all students to attend full time, occasionally students may attend part-time. If a student is attending part-time, financial aid will be adjusted based on actual hours attended.

Freshmen have successfully completed less than thirty-six (36) quarter credit hours. Sophomores have successfully completed at least thirty-six (36) quarter credit hours, but fewer than ninety (90) quarter credit hours. Juniors are those students who have successfully completed at least ninety (90) quarter credit hours. Seniors have successfully completed at least one hundred thirty-six (136) quarter credit hours.

VA PENDING PAYMENT COMPLIANCE

In accordance with Title 39 US Code 3679 subsection (e), Charter College adopts the following additional provisions for any student using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill[®] (Ch.33) or Vocational Rehabilitation and Employment (Ch.31) benefits, while payment to the institution is pending from the VA. This college will not:

- Prevent the students enrollment;
- Assess a late penalty fee;
- Require student secure alternative or additional funding;
- Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the Certificate of Eligibility by the first day of class;
- Provide written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

MILITARY TUITION ASSISTANCE (TA) REFUND POLICY

The following refund schedule is ONLY applicable to eligible U.S. servicemembers who have paid all or a portion of their program tuition using Military Tuition Assistance (TA).

The following schedule is used to calculate refunds of tuition and fees. A quarter is ten (10) consecutive weeks of instruction. Courses will be taught in two (2) five (5) week modules with billing and refunds applied to the entire ten (10) week quarter. For example, if a student's last day of attendance is during week two (2) of the quarter, the student will be refunded 80% of the tuition and fees for that quarter. A student that attends after the sixth (6th) week will not receive a refund of tuition and fees.

| Last Week Attended | % Refund |
|---------------------------|-----------------|
| Week 1 | 100% |
| Week 2 | 80% |
| Week 3 | 60% |
| Week 4 | 55% |
| Week 5 | 50% |
| Week 6 | 30% |
| Week 7-10 | 0% |

COST OF ATTENDANCE

Cost of Attendance (COA) is determined by law (Higher Education Act, Sec. 472). The law specifies the types of costs that are included in the COA.

The COA for a student is a reasonable estimate of a student's educational expenses for the period of enrollment **not the amount owed to the college**. Awards for most of the Federal Student Aid (FSA) programs are based on some form of financial need, beginning with COA.

The COA is the cornerstone of establishing a student's financial need, as it sets a limit on the total aid a student may receive for purposes of the Federal Supplemental Educational Opportunity Grants, Federal Work Study, and Direct Loan programs, and is one of the basic components of the Pell Grant calculation.

A student's COA is the sum of the following: the tuition and fees normally assessed for a student carrying the same academic workload; an allowance for books, supplies, transportation, and miscellaneous personal expenses; and an allowance for housing and food.

For a student with a disability, an allowance for expenses related to the student's disability can be included when calculating COA. These expenses may include special services, personal assistance, transportation, equipment, and supplies that are reasonably incurred and not provided by other agencies. If these personal expenses related to your disability should be included in your COA, contact financialaid@chartercollege.edu.

Additional information regarding COA can be found at <https://chartercollege.edu/financial-aid/cost-of-attendance/>.
