

PROGRAM OUTCOMES: JULY 1, 2024 – JUNE 30, 2025
REPORTED TO ABHES NOVEMBER 4, 2025

THE ABHES ANNUAL REPORT, AGGREGATE & DISAGGREGATE OUTCOMES

The ABHES Annual Report is required to be completed by all main and non-mains campuses. Students attending Separate Educational Centers (SECs) are counted as students enrolled at either the main or non-main to which the SEC is assigned. Charter College is providing the Annual Report outcomes at both the aggregate and disaggregate levels.

CLASSIFICATION OF FACILITIES

The following classifications apply to facilities institutionally accredited by ABHES; other regulatory bodies may have different designations.

Facility	Classification
Vancouver, Washington	Non-Main
Lacey, Washington	Separate Educational Center of Vancouver
Farmington, New Mexico	Separate Educational Center of Vancouver
Pasco, Washington	Non-Main
Yakima, Washington	Separate Educational Center of Pasco
Anchorage, Alaska	Main
Trades Building in Anchorage, Alaska	Separate Educational Center of Anchorage
Salt Lake, Utah	Separate Educational Center of Anchorage
Reno, Nevada	Separate Educational Center of Anchorage
Oxnard, California	Non-Main
Canyon Country, California	Separate Educational Center of Oxnard

PROGRAM OUTCOMES: JULY 1, 2024 – JUNE 30, 2025
 REPORTED TO ABHES NOVEMBER 4, 2025

VANCOUVER

Program	Location	Aggregate	Retention Rate	Credentialing Participation Rate	Credentialing Pass Rate	Placement Rate

PROGRAM OUTCOMES: JULY 1, 2024 – JUNE 30, 2025

REPORTED TO ABHES NOVEMBER 4, 2025

RETENTION STATISTICS

The following formula is used to calculate a program's retention rate:

Retention Rate = (EE + G) / (BE + NS + RE)

EE = Ending Enrollment (Number of students in class, on clinical experience and/or leave of absence on June 30)

G = Graduates

BE = Beginning Enrollment (Number of students in class, on clinical experience and/or leave of absence on July 1)

NS = New Starts

RE = Re-Entries (number of students that re-enter into school who dropped from a previous annual report time period)

PLACEMENT STATISTICS

The College has a system in place to assist with the successful initial employment of its graduates. A graduate must be employed for 15 days and the verification must take place no earlier than 15 days after employment.

The following formula is used to calculate a program's placement rate:

Placement Rate = (P)/(G-U)

P = Placed graduates

G = Total graduates

U = Graduates unavailable for placement

Placed graduates are defined as those employed in a position wherein the majority of the graduate's job functions are related to the skills and knowledge acquired through successful completion of the training program.

Unavailable is defined only as documented: health-related issues, military obligations, incarceration, continuing education status, or death. Institutions must have on file additional documentation and rationale to justify graduates identified in this category. Examples of documentation may include but is not limited to a doctor's note, military orders, arrest documentation, enrollment agreement, acceptance letter, or death certificate.

Important Note: graduates pending required credentialing/licensure in a regulated profession required to work in the field should be reported through back-up information required in the Annual Report. This fact will then be taken into consideration if the program placement rate falls below expectations and an Action Plan is required by ABHES.

PROGRAM OUTCOMES: JULY 1, 2024 – JUNE 30, 2025

REPORTED TO ABHES NOVEMBER 4, 2025

CREDENTIALING/LICENSURE STATISTICS

The examination participation rates are based upon the following formula:

Examination participation rate = GT/GE

GT = Total graduates taking examination

GE = Total graduates eligible to sit for examination

The examination pass rates are based upon the following formula:

Examination Pass Rate = GP/GT

GP = Graduates passing examination (any attempt)

GT = Total graduates taking examination
